

2026 ASIAN Conference on Communication and Networks

Hanoi, Vietnam October 11-14, 2026

IEEE Conference Record Number: 71897

ABOUT ASIANComNet 2026

In an era where technology reshapes the world at an unprecedented pace, the world becomes a nexus of innovation, connectivity, and collaboration. ASIANComNet 2026 aims to bring together researchers, engineers, and industry leaders to explore the frontiers of communication, computing, and intelligent networks that will define the future of our planet and beyond. ASIANComNet 2025 aims to foster academic excellence, industrial collaboration, and technological advancement in support of resilient, secure, and sustainable communication infrastructures.

Under the theme “**Connected world: Shaping the Future of Intelligent Connectivity-Innovate, Integrate, Inspire.**” this conference will focus on celebrating the transformative power of collaboration—where ideas converge across borders, disciplines, and sectors. We envision a connected world where innovation fuels sustainable growth, integration strengthens communities, and inspiration sparks breakthroughs that resonate globally.

ASIANComNet 2026 is more than a conference—it is a platform to exchange knowledge, forge partnerships, and pioneer solutions that bridge technology and society. Together, we aspire to shape a world that is not only connected but also empowered, inclusive, and visionary. ASIANComNet 2026 stands at the intersection of communication, intelligence, and sustainability. As global networks evolve toward 6G, edge intelligence, autonomous systems, and sustainable infrastructures, the need for interdisciplinary collaboration has never been greater. The conference tracks are designed not merely as thematic groupings, but as pillars of innovation—spanning wireless communication breakthroughs, AI-powered networking, cybersecurity resilience, signal intelligence, and transformative applications in agriculture, energy, and underwater systems.

By convening global experts and emerging scholars, the conference seeks to accelerate innovation, empower next-generation technologies, and contribute meaningfully to a smarter and more connected future. Together, the tracks reflect a shared vision: enabling secure, intelligent, and sustainable connectivity for societies worldwide. ASIANComNet 2025 provides a platform where theory meets practice, ideas become prototypes, and research translates into real-world impact.

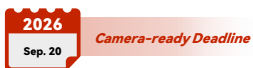

The conference is technically co-sponsored by IEEE and the IEEE Vietnam Section. Accepted and presented papers will be submitted for inclusion in IEEE Xplore, provided they meet IEEE Xplore’s scope and quality standards, and will be indexed in Scopus and EI.

TOPICS

For the regular technical program, without any restriction in scope, topics of interest include, but are not limited to:

- ✓ **Mobile computing, communications, 5G and beyond**
- ✓ **IoT and applications**
- ✓ **Privacy, Security for Networks**
- ✓ **Dedicated Technologies for Wireless Networks**
- ✓ **Emerging Trends of AI/ML**
- ✓ **Signal Processing for Wireless Communications**
- ✓ **Pattern Recognition, Computer Vision and Image Processing**
- ✓ **Communication and Networking Technologies for Smart Agriculture**

IMPORTANT DATES

REGISTRATION & SUBMISSION

For registration, submission, and the latest conference information, please refer to the conference website.

COMMITTEE

Patrons

- Bac Dang Hoai, Posts and Telecommunications Institute of Technology, Vietnam
- Shaoxiong Wang, United Societies of Science, Hong Kong (China)

General Chair

- Alfio Lombardo, University of Catania, Italy

General Co-chair

- Ngoc-Dang The, Posts and Telecommunications Institute of Technology, Vietnam

Conference Chair

- Trong-Minh Hoang, Posts and Telecommunications Institute of Technology, Vietnam

Organizing Chairs

- Hai-Chau Le, Posts and Telecommunications Institute of Technology, Vietnam
- Prabagarane N, Sri Sivasubramaniya Nadar College of Engineering, India
- Viet-Hung Nguyen, Posts and Telecommunications Institute of Technology, Vietnam

Financial Chairs

- Prabagarane N, Sri Sivasubramaniya Nadar College of Engineering, India
- Thao Trieu Phuong, Posts and Telecommunications Institute of Technology, Vietnam

TPC Chairs

- Trung-Thanh Le, Phenikaa University, Vietnam
- Duy Tran Trung, Posts and Telecommunications Institute of Technology, Vietnam
- Joannes Sam Mertens, University of Catania, Italy
- Kien Nguyen, Chiba University, Japan
- Tien-Hoa Nguyen, Hanoi University of science and technology, Vietnam

TPC Co-chairs

- Linh Trung Nguyen, Vietnam National University, Vietnam
- Nhu-Ngoc Dao, Sejong University, South Korea
- Van-Chien Trinh, Hanoi University of science and technology, Vietnam
- Lam-Thanh Tu, Ton Duc Thang University, Vietnam

TPC Members

- Anh-Thu Pham, Posts and Telecommunications Institute of Technology, Vietnam
- Chavis Srichan, Khon Kaen University, Thailand
- Cong Lam Sinh, UET-VNU, Vietnam
- Kim-Quang Nguyen, Posts and Telecommunications Institute of Technology, Vietnam
- Minh Thuy Le, Hanoi University of Science and Technology, Vietnam
- Minh Tuan Dang, CMC University, Vietnam
- Pobporn Danvirutai, Khon Kaen University, Thailand
- Sang Nguyen Quang, Posts and Telecommunications Institute of Technology, Vietnam
- Thu-Trang Ngo Thi, Posts and Telecommunications Institute of Technology, Vietnam
- Trung-Anh Do, Posts and Telecommunications Institute of Technology, Vietnam
- Trung Hieu Nguyen, University of South-Eastern Norway, Norway

Conference Secretary

- Huong-Giang Tran Thi, Posts and Telecommunications Institute of Technology, Vietnam

International Advisory Committee

- Giacomo Morabito, University of Catania, Italy
- Andreas Pitsillides, University of Johannesburg, South Africa
- Chavis Srichan, Khon Kaen University, Thailand
- Dejan Vukobratovic, University of Novi Sad, Novi Sad, Serbia
- Enrico Natalizio, Autonomous Robotics Research Center, Abu Dhabi, UAE
- Josep M Jornet, Northeastern University, USA
- Jayalakshmi, Pondicherry University, India
- Liang Ge, Southwest Petroleum University, China
- M.D. Selvaraj, IIITDM Kancheepuram, India
- Nakkeeran R, Pondicherry University, India
- Nhu-Ngoc Dao, Sejong University, South Korea
- Pelin ANGIN, Middle East Technical University, Turkey
- Pobporn Danvirutai, Khon Kaen University, Thailand
- Suvendi Rimer, University of Johannesburg, South Africa
- Tariq Ahamed Ahangar, Prince Sattam Bin Abdulaziz University, Saudi Arabia
- Tolga M. Duman, Bilkent University, Turkey
- Trung Hieu Nguyen, University of South-Eastern Norway, Norway
- Vitawat Sittakul, King Mongkut’s University of Technology, North Bangkok, Thailand
- Wai Yie Leong, INTI International University, Malaysia
- Xun Luo, Tianjin University of Technology, China

Students Outreach Committee

- Thu-Trang Ngo Thi, Posts and Telecommunications Institute of Technology, Vietnam

Publicity Chair

- Duc-Tan Tran, Phenikaa University, Vietnam

Publicity Co-chairs

- Thanh-Nguyen, Posts and Telecommunications Institute of Technology, Vietnam
- Jessie Song, United Societies of Science, Hong Kong (China)

Publication Chair

- Prabagarane N, Sri Sivasubramaniya Nadar College of Engineering, India
